NID STUDIO TEST QUESTIONS

Design Brief 2

Project Title: Bag Object Inventory and Analysis

Objective:

To create a comprehensive inventory of objects found inside a bag and analyze their material composition, shapes, textures, and potential uses in day-to-day life.

Deliverables:

1. A detailed inventory list of all objects found inside the bag.
2. Analysis of material composition, shape, color, and texture of each object.
3. Identification of the softest and roughest objects.
4. Description of potential uses of objects in day-to-day life.
5. Comparison between similar objects.
6. Cultural or literary references associated with specific objects, if applicable.
7. Draw any 2 objects from the bag in detail and give a brief explanation in 50 words on why you choose it.

Time Duration: 120 minutes.
